

A.T. WALL

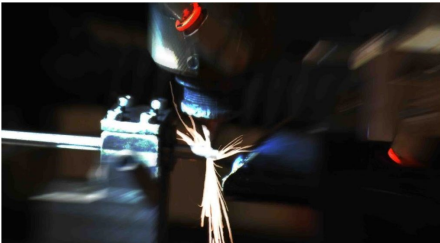

An ATW Company

Overview

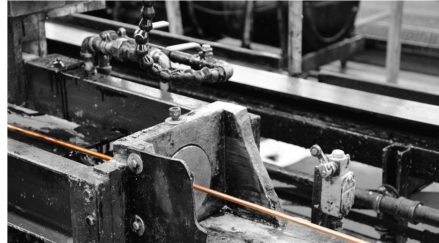

A.T. Wall Company was founded in 1886 by Ashbel T. Wall for the purpose of manufacturing precious metal tubing to support Rhode Island's large jewelry industry. Originally located in Providence, RI, A.T. Wall Company was relocated to Warwick, RI where it remains today. Many decades of expertise are now refocused and aid in supplying mission critical components to some of the today's most advanced technologies.
